

PALAKISS®
VICENZA - ITALY
TRADE AND DELIVERY JEWELLERY SHOW

Press Release

CORONAVIRUS: THE MAY SPRING EDITION OF PALAKISS WILL NOT BE HELD

Next event on the calendar: Summer jewelry fair scheduled in Vicenza from 5th to 9th September 2020

Vicenza, 1 May 2020 - Palakiss announces that the 2020 Spring edition, which should have taken place from 8th to 11th May, has been canceled due to the consequences of the Covid-19 pandemic that led to the cancellation and shifting the dates of key international trade fair events for the gold and silver field, with heavy consequences in Italy and in foreign countries. The decision, after a confrontation with the exhibitors, was inevitable following the Prime Ministerial Decree 8.3.2020 and the subsequent supplementary measures issued by the public authorities, which ordered the closure of numerous economic activities and determined limitations and restrictive measures for the permitted activities.

"Palakiss's goal is to focus on the health and safety of exhibitors and buyers, Italian and foreign retailers and wholesalers, workers and collaborators. We are following and have constantly followed the evolution of the national and European situation, this exceptional health emergency has left us no room for alternatives - **says Andrea Marcon, CEO of Palakiss Spa** - We decided to cancel this year's edition, is a choice of responsibility; the invitation for is to meet again in Vicenza from 5th to 9th September, on the occasion of Summer jewelry fair, which we hope will be the event that will mark the rebirth of our sector ".

Palakiss, the gold and silver business center of Vicenza, organizes 4 trade fair events, three of which have been officially recognized as National Jewelry Salons by the Veneto Region: WINTER (January), SPRING precisely (May), SUMMER (September); the Natale Oro / FALL workshop in November is also added, dedicated to purchases for the Christmas holidays. Palakiss today has about 18,000 operators per year and about 100 exhibiting companies, with its 5,000 square meters, operating 365 days a year.
